We were going to Boston. We sang a song and we had fun. Then we went to :
us around the city. We went to the smoothie store. My mom had a banana smoothie and I had a little sip. Then we went to the beach.

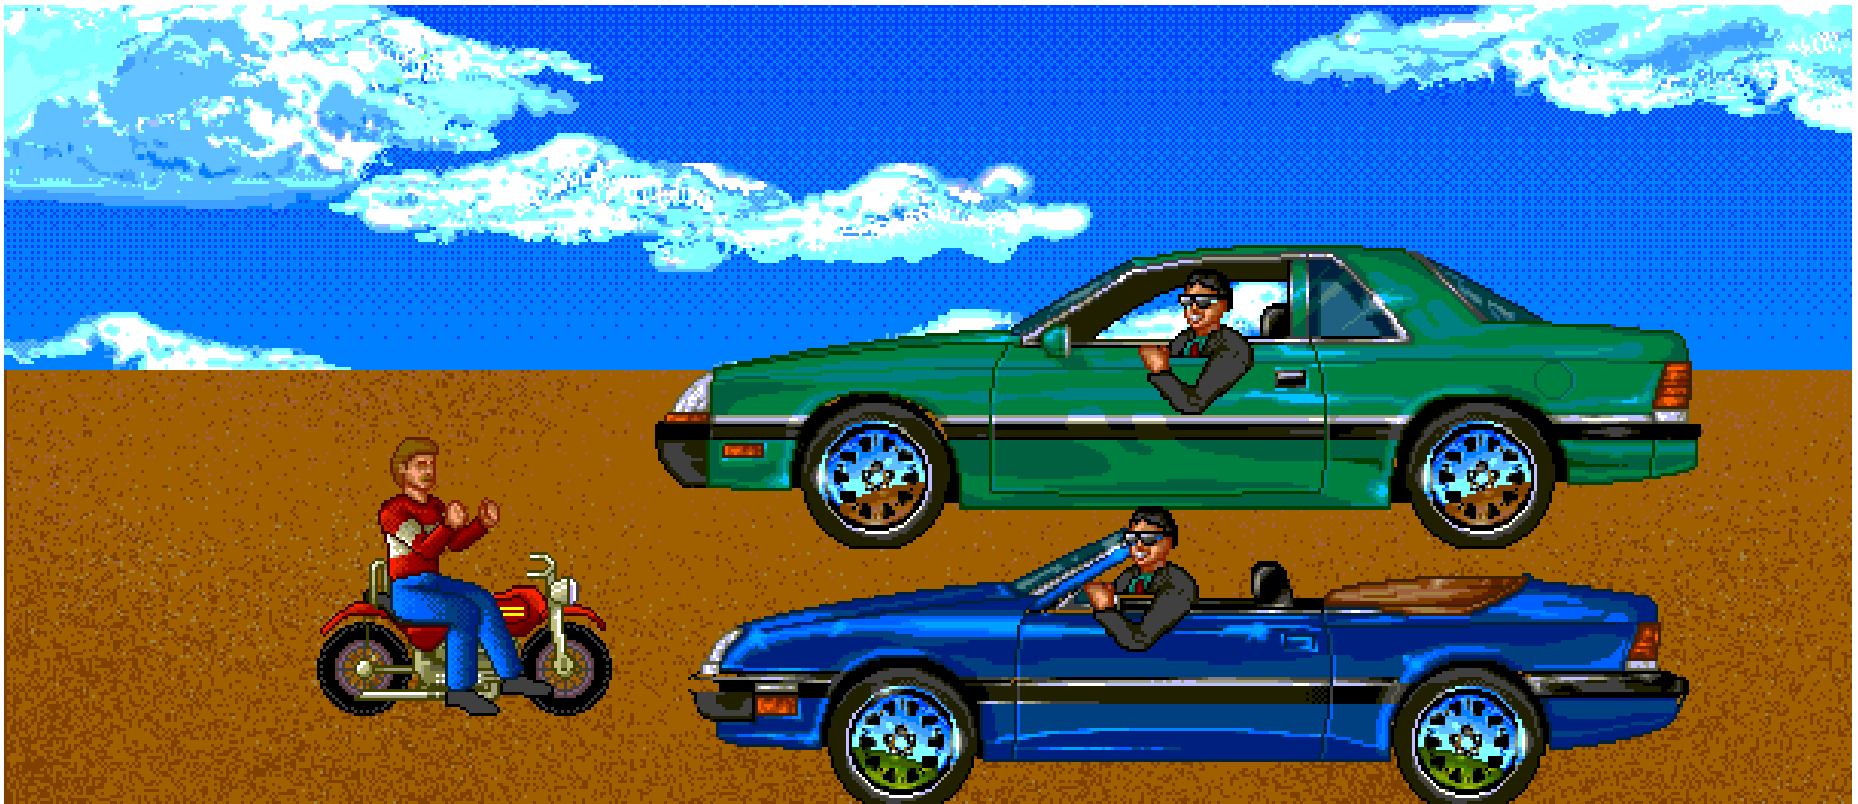

When we were going there we sang a song . And then we got there and went inside. Then I went to unpack. Then we went to see the fireworks . It was so beautiful and nice.

We had a barbeque. I had a ham buger it was so good and a hotdog. It was so nice.

We talked to them. My cousin took us around the city and we went to the smoothie store again. My mom had the banana smoothie and I had a little sip.

We went back to the house to pack up . We went to the car I said
goodbye The end.
